Hello Oaks Families!

If you would like, you may have one of your older children drive their siblings to the Glenrose Property and home from there.

However, there are a few details we need:

- **First**, the school office will need written permission from you indicating your children can drive to the property and then home.
- **Second**, the student who is driving can only take his/her siblings.
- **Third**, your students will still need to meet at the school in the morning.
- **Fourth**, please send an email to [Mr. Tate](mailto:ben.tate@theoakscga.org) at ben.tate@theoakscga.org or a written note so he can account for student rides to and from the property.

That should just about cover it!

Thanks.
